Memorial Day, Marion

Our cover and page 2 feature the VFW exercises in Marion on Memorial Day morning. The familiar salute to valor is so familiar and yet the years alter the cast. Benjamin Dexter is still parading but no longer on foot, ramrod straight. Mr. Dexter, a veteran of World War I, now rides in the lead of the paraders.

Top photo on the cover is the parade on the way to the cemeteries. Below, the

Memorial Day, Mattapoisett

On behalf of the Florence Eastman Post #280 of the American Legion John DeCosta welcomed townspeople to the Memorial Day exercises held at the Mattapoisett Library. Mr. DeCosta said, "This year we want to remember the 500,000 American servicemen and women in the Persian Gulf who served in Operation Desert Storm. Pentagon reports list 199 Americans killed in the campaign to liberate Kuwait. Another 340 were wounded and 24 were listed as missing in action. We pray for the speedy recovery of those who were wounded, and for the safe return of our missing in action.

"Today the fresh breeze of peace and liberty has replaced the dark clouds of Operation Desert Storm. Yet we must never forget the cost of freedom. To those whose faces we will never see again, and whose voices still echo in our memories, we say Thank You. We will remember."

Mr. DeCosta mentioned that the Mattapoisett Post had been named for a local girl who was a nurse in World War I. In recognition of her sacrifice the returned servicemen named the post in her honor.

The Rev. William M. Costello of St. Anthony's Church gave the prayer.

In the traditional recitation of Lincoln's Gettysburg Address, Glendon Homer was extremely impressive reciting those immortal words with feeling and from memory. Mr. DeCosta complimented Glendon on his presentation.

Captain Purrington said that on that morning he had pondered on the subject of his talk and had turned to a volume containing the thousands lost in Vietnam. His thoughts had returned to that time immediately follow-

ing that conflict when he had returned to the United States after 6½ years in a prisoner of war camp. As a boy, he said, he had been inspired by the reverence that his parents and others of that time had for the American flag and for the deep patriotism that was evident everywhere. When the parade passed and the Star Spangled Banner was played, he said, people stood tall and saluted, doffed hats in respect to the colors and their country. that we should never again engage the U.S, in in a war that we don't intend to win.

Musical selections were by the Old Hammondtown School Band and the Old Rochester Regional High School Band. After placing wreaths at the monument adjacent to the library, the parade marched to the wharf for placing of the wreath on the water for those lost at sea and then to the cemetery where services were held.

Letter to the Editor

For the first time in 31 years I experienced a real sense of patriotism and pride in hometown at the Memorial Day Services on Monday. Having been one of the fortunate veterans returning home to a hero's welcome in 1945, I have always had a sense that, deep down, folks did appreciate the "civilian soldier". Then, the Korean conflict and Vietnam War raised agonizing questions inside me. Had I realized when I toggled bombs over Austria or Germany that somewhere down below an innocent civilian might be maimed for life or killed by my action? Throughout the years, that type question was to dominate my thoughts on Memorial Day, made especially clear cut as I worked with emotionally disturbed Vietnam veterans. Monday, thanks to Fred Purrington's sobering and inspiring speech, I regained the old perspective I had as a boy craning my neck to see 90-year old Civil War veterans ride by in our

hometown parade. War was and is Hell, YES! but young men with little global or historical understanding are the ones sent to risk or lose their lives for their country. Finally, the yearly services on the library lawn made sense -- a small town celebration and remembering its young warriors.

The recognition of John DeCosta's years of devoted service, the finely orchestrated music by the Old Hammondtown Band, the recitation of Lincoln's immortal words and the smart appearance of our police and fire departments as they stepped off in cadence were all part of our town tipping its hat to those who gave "the last full measure of devotion".

As I retreated through the crowd to find a place to photograph the parade I passed a young father saying to his wife and small children, "I really love this town!" I echo his remarks with special appreciation to those who made living here possible.

Personnel Board: No Comp Time

MATTAPOISETT SELECTMEN'S MEETING
MAY 28, 1991-by VIRGINIA MORGAN

"Do we have it?" Selectmen last Tuesday posed this question to the Personnel Board regarding compensatory (comp) time. Personnel Board Chairman Ridgeway Crouch explained the by-law says we do, but, and it's a big but, for a very limited number of employees; in fact, only one person, the town nurse.

"The issue came up", executive secretary Carol Adams said, "when Building Inspector Andrew J. Bobola asked about comp time." The inspector is now on 40 hours per week, up from 35 because of his work load attending evening meetings, such as the Appeals Board and Planning Board.

"Should we have it?" asked Personnel Board Chairman Crouch. He noted that last June the Board of Appeals asked for comp time for an employee. Rather than comp time the hours were increased from 25 to 35 to cover the evening meetings. He added that in the past the board has been in agreement that there is no comp time. "We feel it is primarily a time scheduling issue. If it is brought to our attention, we always decide the same way."

Town Accountant Joseph Bolton said pay slips and vouchers are problems when comp time is taken. Some comp time goes back to 1990. In response to Selectman Paul E. Lambalot's query, how many employees have comp time coming to them now, Mr. Bolton could not give a definite number. However, he cited a case where an employee has accumulated 30 hours.

Personnel Board member Stephen J. Lombard said salaried supervisors do their work; if it takes less hours or more it doesn't

mean they get comp time. Supervisors are not eligible for overtime and the building inspector is a supervisor. Selectmen Chairman John DeCosta noted "we need to specify who is a supervisor". Mr. Lombard added they should know who they are.

Selectman Daniel O. Mahoney said, "We do not have comp time for employees under your direction (personnel board) and we are not advocating a change by this discussion." Employees covered under the union contract, not elected persons, are being discussed here, he added.

Mr. Mahoney said "we must confirm the rules and regulations of the personnel by-law - no comp time. Clerical workers should have their time scheduled to not exceed allocated time and does not exceed a normal work week."

Selectman Lambalot commented his problem is the good faith the employee had with the supervisor or department head. Mr. Mahoney said "I realize you are in sympathy, but if we do give comp time we will subugate the personnel by-laws." Mr. Mahoney noted a department head cannot bind the town.

Another question posed by the executive secretary asked what happens to those who have accumulated time off? Mr. Crouch said "If we pay it, that will be saying the by-

law is unclear. But the by-law is clear - no comp time." Mr. Lombard stated that as a personnel board member he won't recognize comp time; it is not in the by-laws. "When town meeting recently voted increased hours for selectmen's secretary, Melody Mills, this is the right way to go."

Secretary to the Board of Appeals and Building Inspector Maria Gananzey sat in on the meeting. She said some employees have a week of comp time coming to them. "They really should have been told before", she said. Personnel board members and selectmen agreed employees should have been notified. All agreed department heads should read the by-laws so they are familiar with employee scheduling and no comp time.

Mr. Bolton said he would consider paying accumulated hours if they can be verified by department heads on a time sheet. Mr. Crouch said "if we said yes for a temporary basis, we would have employees going back years." Mr. Mahoney added "we have no money to pay comp time."

Selectmen recommended the Personnel Board prepare a formal letter of position: no accumulated comp time, no compensatory time off, and send it to each supervisor and department head.

A list of separate questions, answered by the Personnel Board, were posed by the executive secretary, compiled from employ-

No sick leave credits can be accrued when on unpaid leave. 2) Can employees be paid in lieu of vacation time? No. 3) Can vacation time be carried over another year? No, unless there is an emergency at work, and with personnel board approval. Vacation time is in the employee's anniversary year. 4) What happens to vacation time left over? Use it, or lose it. 5) Are employees allowed to work at home? Nothing speaks to that issue in the personnel by-laws.

In other business, selectmen:

MET WITH members of the Board of Health to discuss the question of permitting sludge from the Fairhaven Sewer Treatment Plant to be dumped at the Mattapoisett sanitary landfill. It was stressed the sludge is from the pumping of Mattapoisett's private septic systems and from the residue of Mattapoisett's town sewage system.

Health board member Robert Field said a letter was sent to the state DEP asking for permission to dump the sludge in our landfill and the department agreed we could do it on an experimental basis. He added "we need to determine the moisture content of the sludge."

Mr. Field said Ron Michalski, Tighe and Bond engineer, working with the town on the landfill projects, has spoken to the DEP

and reported the department has no problem with us taking a small quantity into our landfill. Health board member Daniel C. Lee added that perhaps "we could place the sludge in a compost with the leaves and grass. We will need a verbal o.k. from the state on that process", Mr. Lee added.

Selectman Mahoney remarked that Fairhaven has watertight tank trucks and they have no problem. "If we do our own sludge disposal, it would save us money. However, it is tricky to know the exact dollar amount. Fairhaven claims 60 percent of the sludge can be traced to Mattapoisett but this percentage appears high", he added.

Health board members expressed the opinion trucks may have to be metered that take sewage pumped from private septic systems. It is the only way we will know how much is taken to Fairhaven.

On another matter, Health Board Chairman Chairman John Bowman said "We are in the third year of a three-year contract signed by the town with East Coast Disposal. What happens if the override question on June 4 doesn't pass for the $73,709 for the fiscal 1992 payment? We are locked into the three year contract and have a legal obligation whether the override passes or not." The Finance Committee will have a problem finding the money, he noted.

Seahorse Property Use?

TEEN CENTER, SENIOR DROP-IN, MULTI-PURPOSE COMMUNITY CENTER FOR MATTAPOISETT?

Interest abounds in the eventual use of the "Seahorse" property recently bequeathed to the Mattapoisett Land Trust by the late Henry Dunseith. The property is located on the northeast corner of the Route 6 and North Street intersection.

The purpose of the Land Trust is the preservation of open space in perpetuity. The Seahorse donation was accepted in order to preserve the beauty of the grounds. The only permissible use of the buildings is for not-for-profit interest. Any public use of the buildings will require extensive renovations and an operations budget. The Land Trust will play an advisory role in this project.

We are seeking community members with ideas, energy and commitment to come forward to spearhead this exciting project. A brainstorming session will be held at the Seahorse on June 11th at 7:30 p.m., following the Land Trust annual meeting at 7. Please bring a chair to the meeting. Help us keep Mattapoisett Special!

Alms for the Communists

Editorial, DCJ

For nearly 50 years the United States has lived under constant threat of nuclear war. The threat generated entirely from the Soviet Union. The Soviets using the nuclear technology stolen from the United States developed world power based on terror. The Soviets have always used a major portion of that country's income for the weapons to keep that power. It forced the United States to develop and build weapons to counter the threat that consumed a huge amount of our national income. In the past 50 years can you recall the number of times that the United States lived within its yearly income? Only President Eisenhower made a serious attempt and I think he succeeded one year. This means that our country has mortgaged itself for half a century repeatedly and the main reason was to contain the communist threat. Each year we go deeper in debt to the Japanese. NOW, the great lie that is communism is cracking under the strain of disillusioned soviet people whose lives have

been ruined by the system of socialism that does not work. Only a reign of terror can keep the people in check. Communism might have made some effort to feed its own people had they not been supporting a huge military machine aimed at us.

So, the communists are in trouble. Who do they look to for help? to the United States, of course. If this were a comedy, the audience would be rolling in the aisles. It is outrageous! The United States is now asked to increase our already staggering mortgage to the Japanese in order to prop up a failed communist government.

So, who's laughing ?

How do you feel personally about borrowing money to furnish the Soviets' credit (which will never be paid) in order to maintain the communist government in power? Unless the people of the United States speak loud and clear this madness will happen.

If we would really help the Soviet people, as opposed to propping up their communist government, we would trade them wheat and technical help for their raw material of oil, gas, minerals. This is a system called capitalism. The Japanese have used it to dominate the economic world and to buy the United States through the financing of the trillions of dollars that we owe and borrow each year.

Mattapoisett Woman's Club

Have you noticed the window boxes at the Post Office and Town Hall are decked out with red, white and blue flowers this season? The Garden Group of the Mattapoisett Woman's Club felt it was appropriate to be patriotic this year.

The same color scheme is carried out at the triangle on Route 6. The garden box at the Nursing Home is for the residents' pleasure. They enjoy watching cherry tomatoes and strawberries grow. The best part is eating them. Old favorites like zinnias, marigolds and petunias are

WONDER AND MYSTERY OF CHEMISTRY

A unique type of "magic" show was presented to the student body of Old Hammondtown School on Wednesday, May 22nd. Thanks to the Mattapoisett P.T.C. this Mobile Ed program demonstrated many aspects of energy and how it can be changed to another form.

Among the repertoire of tricks the audience saw how colors can change due to chemical reactions, how the physical state of energy can be changed by the presence of heat, as well as how mixtures of chemicals can produce a completely new physical state. Throughout the presentation the chemist emphasized the use of safety when conducting such experiments.

This was just one of the many great educational experiences brought to the children during the year thanks to the efforts of the P.T.C. All involved are very grateful for their continued support.

Town Government, 1st Hand

On Friday, May 24th, all fourth grade students of Old Hammondtown School paid a visit to Town Hall. Conducting the tour was the ever-so-gracious Selectman John DeCosta.

Mr. DeCosta began the visit with a talk on the history of Town Hall and the duties of the 3 selectmen. This lecture was held in the upstairs conference room. We learned that this room had originally been part of the auditorium in days past.

The remainder of the tour included visits to each of the town offices. In each office the students were given the list of duties performed by the people manning them. Of particular note on the day of our attendance was the hustle and bustle in the treasurer's office. We found out that this was the day for tax bills to be sent out and the deadline of 12 noon was quickly approaching.

A note of thanks to all Town Hall employees who gave of their time to help the students better understand local government. A special thank you is extended to Selectman DeCosta for definitely making this experience a worthwhile one.

Recycling Counts

Remember the "3Rs" for Recyling:
Reduce, Reuse, Recycle!

Reducing your trash so you don't have to get rid of it. Buy packaging which can be recycled, not wasted.

Reusing what you have - not opting to replace it quickly. Maintain your "stuff". Keep lawnmower greased - it will run better and longer. "Cold" and "Gentle" washer settings keep your clothes around longer. Fix up your own things. Make sure your stuff will be reused when you no longer want it. (Auctions, yard sales, rummage sales, someone else's home, or recycle it!)

Recycle your "old" when you must buy "new". Many materials now may be made into similar containers as they were. Even

THANK YOU

We were as much amazed as we were amused to find the front of the Mattapoisett Inn weeded, flowered, and painted last week! THANK YOU SHARON BRIGGS and SUSAN BROWNELL! Out for a morning walk, they had the surge of desire to shape up the flower garden in front of the Inn -- as one thing led to another, a couple of trips to the nursery, touches of "Brownell Blue" on the window boxes, and VOILA! it's the best it's ever looked. All we can say is, if they ever need to borrow a cup of sugar, I'll bring over a fifty pound bag. Good neighbors, Water Street pride, small town sentiment, and a two-hundred-year-old Inn

Letters to the Editor

As the summer season draws nearer, could everybody be reminded that Mattapoisett has a leash law and that dogs are not allowed to run loose. The other day a dog tied outside in a yard at Point Connett was jumped by an unleashed dog accompanying some people walking by. Quite obviously, a dog which is tied up has little chance to defend itself. Apparently no serious injuries resulted from this encounter, but there might have been had the owners not been close by. Let's keep dogs properly leashed to prevent further distress.

Christopher Morss

TO THE EDITOR

Many residents in southeastern Mass. and the Cape are blissfully unaware of the possible impending disruption of the "good life" we all enjoy in this area.

Ours is an area of small "home towns", quiet country roads, beautiful farms, rivers, lakes, ponds and state parks. The Cape residents enjoy the ever-changing beauty of the Atlantic, and I'm sure, the quiet of the winter months.

Could we bear to have all of this permanently change?

We could be facing the destruction-forever - of wildlife habitat, clean water and air and the quality of life we all treasure.

The Mass Aeronautical Commission (MAC) has proposed sites in Middleborough, Plymouth (2), Lakeville-Freetown (2), and Otis Air Base (2) as potential sites for the Second Major Airport in Massachusetts. No - not a municipal airport, but a MAJOR INTERNATIONAL AIRPORT!!! With runways almost 2 miles long! With so many sites in our area (7 of the 12) we must assume that at least one site will be "short-Listed" for the next phase of the study, which will take about 3 years, and face becoming the "lucky host community" for this airport.

Gone will be our quiet "hometowns", clean air and water, farms, wildlife habitat. In

their place will be highways with traffic even worse than traffic on the 3-day summer holiday on the Cape - only year round, jet noise, pollution, build-up near the airport and in the surrounding areas.

We can't sit idly by and let this happen. No matter where the airport is "placed" it will impact all the towns in our area. BUT WE DO HAVE OPTIONS:

The MAC is holding a public meeting on June 11 at 7:30 p.m. in Bourne at the Mass Maritime Academy. Please urge all your neighbors to attend.

The MAC has promised to listen to the people - let's give them a message they can really hear - NO AIRPORT!

And they will certainly hear us if we all make the effort to attend the meeting at Mass Maritime Academy on June 11.

Lloyd Center- Life in the Mud

Wetlands, not wastelands. To many, wetlands appear to be useless, dirty even scary places where yucky, slimy critters live. Not all together true. Wetlands are the most vibrant, life-teeming ecosystems in the world. Literally millions of species that make up the earth's primary food chains and food webs begin their lives in wetlands. Without wetlands the world as we know it would not exist.

On Sunday, June 9th, from 1:30 to 3:30 p.m. the Lloyd Center for Environmental Studies is offering a guided nature walk entitled "Life in the Mud", in which participants will learn about the dynamics of fresh and saltwater wetlands. Led by Paul Knapik, a Lloyd Center instructor and wetlands specialist, participants will explore the micro and macro aspects of wetlands right here on the Lloyd Center's grounds. Mr. Knapik will provide background information, personalized instruction as well as hands-on collection and experimentation as you explore the wetland.

Fees for "Life in the Mud" are $3. for Lloyd Center members, $5. for non-members and $1. for children under 12. This fun and educational walk is designed for all ages and should be a productive way to spend time near the water. For more information contact the Lloyd Center at 990-0505.

A PRAYER TO THE HOLY SPIRIT

Holy Spirit, you who made me see everything and showed me the way to reach my ideal. You who gave me the divine gift to forgive and forget the wrong that is done to me and you, Who are in all instances of my life with me. I, in this short dialogue, want to thank you for everything and confirm once more that I never want to be separated from you, no matter how great the material desire may be. I want to be with you and my loved ones in your perpetual glory, Amen. Thank you for your love towards me and my loved ones. Pray the prayer three consecutive days without making your request. After the third day, your request will be granted no matter how difficult it may be. Then promise to publish this dialogue as soon as the favor is granted

Butterfly Gardening

Bring butterflies to your backyard by planting a specialized garden. On Saturday June 8th, from 10 a.m. to 4 p.m., the Lloyd Center for Environmental Studies is offering a day-long mini-course on butterfly gardening. Presented by Mark Mello, Director of the Lloyd Center, participants will learn which plants attract butterflies, how to grow them in any size yard and how to design your own garden for maximum efficiency.

Long popular in Europe, butterfly gardening has only recently caught on in America. Butterflies have become less abundant in our area due to suburbanization. While people may favor green lawns and fancy hybrid flowers producing little nectar, butterflies and birds are losing plants upon which they feed.

Come out to the Lloyd Center and learn how to attract these colorful creatures of warm weather. Fees for the "Butterfly Gardening" mini-course are only $40., and Lloyd Center members receive a $10. discount. For more information and registration contact the Lloyd Center at 990-0505 or stop by 430 Potomska Road in South Dartmouth Tuesday through Sunday and Monday holidays, 9 a.m. to 5 p.m.

Don't Drink and Boat!

It is estimated that half of all boating accidents and half of boating fatalities are alcohol-related. Alcohol is a depressant, which means it slows the brain's processing of information. It will take longer to recognize, and to respond, to danger. The drunken boater might not see a warning buoy, a swimmer or an approaching boat or be able to react in time to avoid disaster.

Operating a boat under the influence of alcohol is not only risky, it is illegal. Massachusetts law uses the same standards to determine if a boat operator is impaired as it does for a driver. Violators are subject to fines.

The operator/helmsman is not the only one at risk in drinking and boating. Alcohol can affect balance. Impaired balance and the motion of the boat can, and too often does, lead to falls overboard, a leading cause of boating fatalities.

June 2-8 is National Safe Boating Week. The Marion Flotilla of the U.S. Coast Guard Auxiliary takes this opportunity to wish you a safe and happy boating season, and to remind you, DON'T DRINK AND BOAT.

Hospice Families Join in Service

More than 100 members of Hospice families and their friends were greeted by a perfect early May Sunday afternoon as they joined last week in the fifth annual Lighthouse Hospice Memorial Service. The service, held at the First Congregational Church of Rochester, remembered patients who have died in the past two years.

Following a welcome by Jill Cockrell of Marion, bereavement coordinator for the Wareham-based Hospice, readings and prayers were offered by the Rev. George Taylor, host pastor; the Rev. Marjorie Mollar, Wesley United Methodist Church, Wareham; the Rev. Joel Knudsen, Church in the Pines, West Wareham; the Rev. Robert Merritt, United Parish, Carver; Dorothy Chace of Lakeville and Maureen Sperry of Rochester. A homily was given by the Rev. Joao d'Alcaravela of New Bedford. The names of the 200 patients being honored were read, and the congregation joined with the church choir, led by Violet Taylor, in singing hymns. Refreshments and an informal reception followed in the parish hall.

Lighthouse Hospice, successor to Wareham Area Hospice and Lakeville-Middleboro Hospice, provides care for terminally ill persons and their families in Buzzards Bay, Carver, Lakeville, Marion, Mattapoisett, Middleboro, Onset, Rochester, Sagamore, and Wareham.

Strawberries in the Park

Acushnet's Second Annual "Strawberries in the Park" will take place at Pope Park, 254 Main Street, Acushnet on Sunday, June 9th, from 10 a.m. to 4 p.m. The "family fun fair" will offer a full day's diversion, with all proceeds to the Parting Ways Beautification Fund, according to committee chairman Charlotte Coutinho.

Featured will be 43 quality craft booths, sale of a wide variety of herbs and perennials, and food stands offering hot dogs, hamburgers, linguica and hot and cold beverages. At its popular Cafe aux Fraises, the house speciality, homemade strawberry shortcake, will once again draw the crowds while a new special, creamy cheesecake with strawberries, is sure to be another winner.

At 11 a.m. Magician Joe Howard will offer a free performance of his latest feats of legerdemain and from 1 to 3 p.m. Johnny Couto and the Nu-Tones will once again provide musical entertainment, courtesy of the Acushnet Arts Lottery Council and Local 214.
